SUMMARY

Self-driven Cisco Certified Network Associate and Information Systems Master's graduate with 6+ years of experience in Python and leading teams. Proven data analytical skills in interpreting data trends for Google Store, reduced overhead for security AI development, knowledgeable in project risk management and vendor reporting, excellent written and verbal communication skills across organizational levels, creative and curious mindset to grow and improve. Open to relocate.

WORK EXPERIENCE

AI Prompt Engineer Intern   **Aug 2023 – Dec 2023**
SecureTrust Cyber, Houston, TX
- Collaborated tasks with team members in weekly Scrum meetings and innovated work processes of securely testing code by recommending best programming practices in compliance with regulations and security policies.
- Leveraged Streamlit API calls to develop dashboard and delivered functional AI capable of monitoring and suggesting which organization end devices require updates or are at greater risk of being compromised.
- Assisted integration of new personnel in remotely setting up client-side Anaconda environments as needed.

Graduate Teaching Assistant   **Jan 2022 – May 2022**
University of Texas at Arlington, Arlington, TX
- Coordinated responsibilities for 2 database classes and improved performance towards fulfilling security procedures.
- Created detailed instructions for database installation with troubleshooting steps and mitigated overhead and delays.
- Advised 60+ students weekly in compliance with security protocols and policies with experience in Oracle and SQL.

EDUCATION
